GROUND RULES

The codes contained within this section were introduced by the American Medical Association in conjunction with *CPT 2002*. Said codes are to be used by non-physician health care professionals for services provided in a patient's residence (including assisted living apartments, group homes, non-traditional private homes, custodial care facilities, or schools) and can be submitted as part of the normal procedure when applicable.

No Unit Values have been established at the state, regional, or national level as determined from available data resources. All Unit Values are listed as BR; thus, a report must accompany all bills utilizing these codes.
